RE: Your Workers Compensation policy

Policy number: WC5-39S-309556-020
Effective date: May 12, 2010

Dear Policyholder:

Liberty Mutual is pleased to have been selected to service your Workers Compensation policy. We are completing our review of your application and expect to send your policy, along with an explanatory service package, within the next 30 days. However, to assist you in the interim, we are providing you with your newly assigned policy number, (referenced above).

Liberty Mutual is required to keep a complete and current policyholder file. Please supply your name (including middle initial), date of birth, social security number, title, ownership percentage, duties and payroll for each of the company's officers. The ownership percentages must add up to 100%. You can fax the information to my attention at (603) 334-8162.

If you need to report a claim, please fax to (603) 334-0307.
For all other claims related issues, please call (800) 424-0054.

Prompt reporting of accidents is critical. It enables us to get involved in treatment early, to manage medical costs and set the stage for a successful return to work.

For underwriting, billing or loss prevention questions, please call (800) 653-7893.
For certificates of insurance, or any other questions you may have, please contact your producer.

Producer of Record: CRAIG C HANSEN INSURANCE SERVICES INC
Producer Phone No. (707) 445-9691

If you open operations in additional states, please contact your producer. Depending on the state, we may or may not be able to provide coverage for you.

You should have received a binder from either the plan administrator or Liberty Mutual under separate cover. That binder serves as your proof of coverage until cancelled or until the policy is issued.

We look forward to servicing your business.

Sincerely,

Jeff Eldridge
Involuntary Market Operations
