2015-2016 SNOW REMOVAL AGREEMENT

Name _____

Billing Address _____

Tahoe Property Address _____

Phone Numbers _____

Signature _____ Date _____

Thank you for choosing us to do your snow removal this season. The following is an explanation of how our service works. If acceptable, please return this agreement with a **\$250 non-refundable** deposit and we will add you to our snow removal route.

We plow one time a day late October through early April when a storm has left over 4 inches. We use a snow thrower mounted on a small Bobcat loader. No backhoes or plow trucks are used and a small amount of snow will be left in front of the garage door to prevent damage. We will stake any necessary areas to avoid damage and to protect improvements. Please keep driveway clear of objects that may clog or cause damage to equipment such as: rocks, lumber, garbage cans, carpets or newspapers. Unfortunately, we do not have the manpower or time to shovel walkways or decks.

We have implemented a change to our billing structure this year. Your driveway will cost \$_____ each time we plow with a seasonal maximum of \$_____ regardless of how many times we plow! This should save you money during larger than average snowfall seasons. Also, the \$250 deposit is non-refundable and is a minimum as it allows us to cover some overhead during the winter.

If the property is occupied when we show up, please try to move the cars promptly so that we can do the best job for you. Due to the nature of the work, not all driveways will be done in the early morning and depending on the size of the storm may not be done until mid day. We will apply your deposit to the season total and send you a final bill in April.

Thank you,

Ed Cook
